

How do you figure out the
future of your business?

Multiply your company value

Join Elettricità Futura

A unique partner

We are the leading Association of companies operating in the Italian electricity sector, representing over 70% of electricity produced and sold in Italy.

More than 500 large, medium and small enterprises active in the entire supply chain (traditional and RES generation, retail, distribution, services, trading) have chosen Elettricità Futura to expand their business perspective.

We represent companies with 40,000 employees, 75,000 MW of installed electrical power, 1,150,000 km of distribution lines.

IDENTITY: we support companies belonging to the electricity sector and give them visibility.

REPRESENTATION: we give weight to your interests and pursue them with a targeted and solid action of advocacy.

BUSINESS OPPORTUNITIES: we help you find new business opportunities in the electricity market, in B2B relations, in the innovation network.

Reasons why Elettricità Futura

We create value for our companies and support the sector in the energy transition process.

WE DEVELOP concrete policies for the development of enterprises and the electricity sector.

WE AMPLIFY YOUR VOICE bringing your case to the attention of the Institutions, in Italy and Europe.

WE PROMOTE the culture and values of the sector.

WE CONTRIBUTE to drafting the rules of the electricity market of the future, supporting the needs of companies in the decision-making processes and interacting with the Institutions on an on-going basis.

WE ACCOMPANY your business with specialized services in the transformation and development processes of the sector, internationalization and technological evolution.

WE PROVIDE TRAINING and keep your company updated on key issues so you can focus on the business.

Close to your needs

Stronger together.

REPRESENTATION ACTION AT ALL LEVELS

Broad skills to ensure a constant dialogue with the Institutions and the central and regional Authorities. Our strong presence in Italy and Europe is guaranteed by our membership of the principal Associations in the various sectors such as Confindustria, Confindustria Energia, Eurelectric, WindEurope, SolarPower Europe and Bioenergy Europe.

HIGH VALUE ADDED SKILLS

Specialized resources, ready to listen to your needs, provide relevant information and drive the growth of your business.

READY TO RESPOND TO SPECIFIC NEEDS

An organisational structure designed to support the sector development in the multiple areas of intervention through membership of other Associations such as Coordinamento FREE, MOTUS-E and RES4Africa Foundation.

NEWSLETTER

Receive timely updates on all the news of the electricity sector.

MEETINGS

Take part in focus groups where our members discuss and analyse in depth the current topics under debate.
