ARCHITECTURE AND DESIGN

<p>16.</p>	<p>Mstudio LLC</p> <p>29, Gurban abbasov str., 3th floor. «Bayil Plaza» AZ 1000 Baku, Azerbaijan, Tel: (+99412 4372741) E-mail: info@mstudio.az</p>	<p>What stops you from creating at home, at work and at the country house perfect environment where you will feel comfortable to live, work and relax? Absolutely nothing! All you need is an idea that would meet your expectations, your lifestyle and your working style. Our company offers such design solutions that will perfectly fit it. Since we began our way in 2005, we gathered a great team of designers and developers with bright and creative ideas, and we have completed many original projects. Each of them we treat individually, taking into account the wishes of customers, the nature and functional features of the property. It is important to create an atmosphere where the person will be comfortable, and we succeed because we love what we do.</p> <p>Unique pieces of art that have survived till the present day, demonstrate divine talent of Azerbaijani architects to the whole world. Azerbaijani architects left their unforgettable paintings not only in Azerbaijan, but also far beyond its borders (in the Balkans, Central Asia, India, etc.).</p> <p>This is the way we continue with our team. Our projects took the first places in the famous international competitions and received prestigious awards. They can be found under the heading "Our achievements".</p> <p>We also can help in the conceptual development of industrial, office, specialized, and different nature premises, facilities.</p> <p>Prior to implementation of design ideas to life, customers can visually see what interior design of the premises will be like, which helps them visualize ideas designed for them with maximum accuracy.</p>	<p>Interested in collaboration with Italian companies.</p>

63.	Azerbaijan railways Xatai ave, AZ1010 Baku, Azerbaijan Tel: (+99412) 1822 E-mail: info@ady.az	The initial stage of railway construction in Azerbaijan started as early as in 1878 and was completed on January 20, 1880, when Baku-Sabunchu-Surakhany railroad, which was only 20 km long, was commissioned. Since then, the Azerbaijan railways have been developing and improving following the growing demand for cargo transportation. At present, the total length of railroad tracks is 2910.1 km, operational tracks are 2079.3 km long, 802.3 km of which are double tracks. 1241.4 km or 59.7% of the total length of the railroad are electrified, 837.9 km, i.e. 40.3% are operated by diesel traction. 1527.7 km of tracks are equipped with the automated signaling system.	Interested in collaboration with Italian companies.

		<p>The construction of the first railroad and its subsequent development in Azerbaijan were directly linked to the transportation of oil. The existence of oil on the Absheron peninsula has been known since ancient times. The Baku oil had for a long time been extracted in an unsystematic manner and had been used mainly for lightening and treatment purposes in Azerbaijan, the Middle East and Central Asia, Russia and India.</p>
